F. H. LOWE CHOSEN POLICE JUDGE BY CITY COUNCIL

Councilmen Decide Action Is Necessary As Precaution In Legal Matters

F. H. Lowe is no longer city recorder of Glendale. Instead, he is police judge.

The change in title came last night at a specially-called meeting of the city council held because Hartley Shaw, city attorney, raised the question as to whether cases acted upon by Judge Lowe would have legal standing in view of the fact that the city charter is now in operation.

Therefore, to make absolutely certain that no legal question be raised in the future over Judge Lowe's official acts, the council convened at 7 o'clock last night and Judge Lowe unanimously received the appointment of police judge.

Councilman S. A. Davis made the motion appointing Judge Lowe and it was seconded by Councilman A. H. Lapham.

Explanation Is Made

After the council had been called to order by Mayor Spencer Robinson and Councilman Lapham made city clerk pro tem in the absence of City Clerk J. C. Sherer, Judge Lowe stated that he had a juvenile case before him yesterday.

"City Attorney Shaw happened to be passing my court," went on Judge Lowe, "and later he raised the question as to the legality of my proceeding until my successor had been named or I had received the appointment of police judge under the provisions of the city charter.

"In view of the fact that I had fourteen cases on the docket and a felony case coming up the next day, it was thought best to call the matter to the attention of the council so that in the future the legality of any of my official acts might not be subjected to question."

Councilman Davis declared that he had read the city charter thoroughly and was of the opinion that a technicality was being raised.

"It is my understanding of the charter that the present city officials hold office until their successors are appointed by the council," he continued. "No place in the charter can I find a section instructing us to immediately declare all offices vacant. I do not like this matter of

F. Luenberger's Home Robbed Of Clothing

F. Luenberger of 700 South Columbus avenue returned to his home on Tuesday morning, after having been away since Friday of last week, to find that during his absence his home had been entered and several hundred dollars worth of clothing and furs had been stolen. Local police authorities were immediately notified and they are now working on the case.

Although all of the doors were locked and all windows intact upon his return, Mr. Luenberger is of the opinion that entrance to the house was made through the back door, with the aid of a skeleton key.

Mrs. W. N. Bott Hurt Alighting From Auto

Mrs. W. N. Bott of 667 Patterson avenue is suffering from a painful injury received shortly after 9 o'clock this morning as she was alighting from her husband's automobile to take the Pacific Electric car at Brand and Broadway for Los Angeles. As Mrs. Bott stepped from the automobile she slipped and fell to the pavement and badly injured her leg and arm. A physician was called and she was taken home in his car. Mrs. Bott is unable to walk or move the arm injured.

Miss Ida Potter, Who Will Become Bride of J. Flower

MARRIAGE TO OCCUR SHORTLY, IS HINT FROM FRIENDS

Miss Ida Potter And Jesse Flower Are Popular Among Many People Here

The many friends of Miss Ida Potter of 906 East Harvard street are waiting for an announcement of the date of her marriage to Jesse Flower of this city.

The engagement of this popular young couple was made public Wednesday night of last week when Mrs. M. L. Potter, mother of the bride-to-be, entertained a large number of their friends at her home.

Although neither of the prospective newlyweds have given the least intimation or hint regarding "the day," a number of their close friends are expecting the event to take place within the next few weeks.

Graduate of City School

The pretty bride-to-be is one of the best known and most popular young ladies of Glendale's younger social set and her coming marriage is being looked forward to with considerable interest. She has been a resident of this city for ten years, having graduated from the local intermediate and high schools, the latter in June, 1917. At present she is employed by a large Los Angeles art store, where she holds a responsible position.

Jesse Flower, who is the "lucky" man, has been a resident of Glendale more than thirteen years, most of this time having been spent in the employ of the Cornwell & Kelty Hardware company on Brand boulevard. He is a member of the local Elks lodge and is treasurer of Glendale Post, No. 127, of the American legion.

Mrs. George Robinson Bridge Club Hostess

Mrs. George Robinson of 630 North Jackson street entertained the members of the Wednesday Afternoon Bridge club at an elaborate 1 o'clock luncheon at her home yesterday. The table was beautifully decorated in red carnations and American flags. Bridge was enjoyed during the afternoon. High score was held by Mrs. F. J. Rogers.

A business meeting was held after card playing, during which Mrs. C. C. Carroll was elected secretary-treasurer. Plans were made for a dance and card party to be held at the home of Mrs. E. E. East, Friday, July 15.

Club members present yesterday included Mrs. F. J. Rogers, Mrs. Harry H. Powers, Jr., Mrs. R. Pease of Los Angeles, Mrs. F. George, Mrs. Charles Carroll, Mrs. E. E. East, Miss Miess, Mrs. George H. Robinson. Guests for the afternoon were Mrs. Don Packer of Glendale, Miss Sisson and Miss Howe of Los Angeles and Mrs. J. Reed of Brea.

In the absence of Mr. and Mrs. Cook, their daughter, Harriette Cook, is managing their restaurant and ice-cream parlor.

BREAK GROUND FOR LARGE 16-ROOM FLAT BUILDING

H. A. Michel Is Owner Of New Structure To Be Erected On Hawthorne Street

Ground was broken this morning on the sixteen-room flat building to be erected at 212 to 214 Hawthorne street. The foundation is expected to be in within a few days, after which a large crew of men will be on the job in an effort to complete the dwelling within ninety days.

H. A. Michel, who will be the owner of the new building, is in charge of the construction, which will all be done in the most modern manner. The outside will be finished in white stucco, while the interior will be fitted out with hardwood floors, tile bath rooms, automatic water heaters and other modern conveniences.

The cost of the building has been given as $12,000, which will include four separate garages. There will be four flats, each one to contain four rooms.

Past Two Million Mark

Building—and more building!

Permits continue to be given out at the same rate that has already placed Glendale as the leading city, according to size, in building in the United States. Approximately $20,000 is the total for yesterday and this morning, bringing the 1921 figures beyond the two million mark.

Permits issued by the building inspector on Wednesday and until noon today are as follows:

Henry A. Michel, sixteen-room flat building, 212-214 Hawthorne	$12,000
C. C. Riggs, five-room residence, 340 Salem	4,000

John A. Mackay, garage, 328 West Cerritos	100

Mr. and Mrs. Pingree Forced Out By Flames

Mr. and Mrs. Daniel B. Pingree of 1425 North Pacific avenue were among the hundreds of happy campers who were forced to leave Glenn Ranch Resort, Lytle creek, early on the morning of the Fourth on account of fire. Although there was no immediate danger, owing to an east wind, which was all that saved the wooded portion of the canyon, still practically all camps were broken in record time and there was a stream of travel out of the canyon, causing wonder among those living along that route.

The fire was about 1,500 feet from the spot where Mr. and Mrs. Pingree were camping, and it was not a pleasant sight. What promised to be a happy day was changed for many people into a rush for safety, and there were few smiles on the faces of those who had anticipated a joyous celebration.

Mr. and Mrs. Pingree drove to Riverside, where they visited friends, returning to Glendale in the evening, thankful for a safe return home.

C. of C. Directors To Dine City Councilmen

The board of directors of the Glendale Chamber of Commerce will give a dinner to the newly-elected members of the City Council, and City Manager T. W. Watson, at the White Inn next Tuesday evening at 6:30 o'clock.

The object of the gathering will be to get acquainted with the new city officials and devise ways and means of closer co-operation in aiding the development and growth of Glendale. The Chamber of Commerce offers its undivided allegiance in all matters pertaining to the advancement of the best interests of the city.

GOES TO CATALINA ISLAND

Miss Lucile Tholen, 819 South Brand boulevard, will leave tomorrow for a two weeks' vacation at Catalina Island. With her will be Master Robert Tholen, the son of her brother, Dr. Emil Tholen. Upon her return Dr. Tholen will leave for the Yosemite, where he expects to spend a month.

ENTERTAINED AT DINNER

Mr. and Mrs. A. D. Dunlop of 203 West Burchett street spent a very delightful Sunday at the Arroyo Seco. They were dinner guests of Mr. and Mrs. Theodore Hockmeyer of South Van Ness avenue, Los Angeles, July Fourth.

MRS. J. C. BARNETT ILL

Mrs. J. C. Barnett of 631 North Central is quite ill at a Los Angeles hospital.

BUNGALOW COURT IS TO BE ERECTED ON LOUISE STREET

A. J. Brunt, Recent Arrival From Ohio, Plans To Improve Property

The immediate erection of a modern bungalow court on the west side of Louise street south of Broadway is the plan of A. J. Brunt, who has recently taken up his residence in Glendale. Work on a home, which Mr. Brunt will erect on this property for his own use, will start this week.

Plans have been drawn up for the erection of seven bungalows of stucco construction. They will be built on the Mission style with an open court in the center, and each apartment will be of four rooms. Day labor will be employed instead of having the work done by contract, as Mr. Brunt is determined that these new improvements shall be of the highest grade.

Greater Opportunities Here

Before locating in Glendale Mr. Brunt spent considerable time in looking over the various cities of Southern California. His choice of a location narrowed down to Hollywood and Glendale, and after a thorough investigation of the merits of the two locations, he finally came to the conclusion that Glendale offered greater opportunities from an investment standpoint.

Mr. Brunt and his wife, Mrs. May Brunt, are residing at 501 West Vine street until their new home is completed. A son-in-law and daughter, Mr. and Mrs. A. A. Housen, are also newcomers to Glendale, residing on the Verdugo road. Mr. Housen is employed by a Los Angeles printing concern.

Before coming to California Mr. Brunt was engaged in farming in Ohio for many years. He resided at Lankershim for a short period, but states that it is his intention to make Glendale his permanent home.

Mr. and Mrs. F. Mellus Entertain With Party

Mr. and Mrs. F. H. Mellus entertained a merry party at their home, 355 West Lexington Drive, the afternoon and evening of July 4. A barbecue and out-of-door supper were features of the affair, the guests dancing in the open air until a late hour.

Those who enjoyed the party were Mr. and Mrs. T. J. J. Cleveland, father and mother of Mrs. Mellus, who have just motored down from Salt Lake City. Mr. and Mrs. A. O. Switzer, Mr. and Mrs. William E. Smith, Mr. and Mrs. L. R. Mellus, Mr. and Mrs. H. E. Williamson, Mr. and Mrs. Earl Burnham, Mrs. Helen Middlecamp and Mr. and Mrs. F. H. Mellus, the host and hostess.

Mr. and Mrs. Ingledue And Party On Trip

Mr. and Mrs. C. W. Ingledue and family of 501 East Wilson avenue motored down to Santa Monica for the Fourth with a group of their friends. They ate a bountiful lunch on the sand and drove through the proposed site of the new Methodist camp meeting grounds and report that they are very beautiful. Besides the Ingledue family, the party included Mrs. Millicent Murray and her son, Donald, of 120 North Isabel street, Mrs. C. E. Rich and Miss Mary Rich of 1022 Boynton avenue, Clarence Taube of Pasadena, Mrs. Inez Fess of Pasadena.

Anthony Ambrosini Is Once More In Glendale

The many local friends of Anthony Ambrosini will be pleased to know that he has returned to this city from a three months' sojourn at his home in St. Paul, Minnesota. At present he is located at his property at 146 South Jackson street.

Mr. Ambrosini is one of Glendale's most enthusiastic boosters, as is evidenced by the fact that he owns considerable property here. The length of his present stay has not been definitely decided, but it is probable that he will not return east before next winter. In the meantime he plans to engage in local real estate business.

CLOTHING AND BIKE STOLEN

While attending a performance at a local theatre last night W. W. Barker, a resident of Burbank, reports that a number of valuable articles of clothing were stolen from his machine, which was parked on Brand boulevard.

About the same time a bicycle belonging to Frank Stanford of 1147 East Wilson avenue was taken from the curb in the same block.

SERVICE DEPARTMENT RECORDS SHOW CITY'S STEADY GROWTH

J. F. McIntyre of the public service department has just completed compilations on the figures representing the number of "customers" now claimed by the department. During the three months' period ending July 1 a total of 458 names were added on the city's books, making a grand total of 7167.

The word "customer" as explained by Mr. McIntyre, is used by the public service department to denote each household where either, or both, a water or an electric meter is installed. Some have one, such as apartments and flats while most of them pay monthly bills on both light and water.

This last gain of 458 is the largest ever made in a period of similar length, and is more than 12 per cent more than the record mark set during the preceding three months. In the closing months of 1920 an even 300 names were added to the list.

Today's World News In Brief

(By United Press to Glendale Evening News)

FAVORABLE REPORT ON ANTI-GRAIN GAMBLING BILL

WASHINGTON, July 7.—A favorable report on the Capper-Tincher anti-grain gambling bill was ordered today by the senate agricultural committee. The measure is designed to eliminate gambling in grain on boards of trade by heavily taxing speculative transactions. The committee amended the bill to prevent concerns operating private wire systems to towns outside "contract markets."

WARNED TO BE ON WATCH FOR THIS MYSTERIOUS CRAFT

WASHINGTON, July 7.—Government wireless stations along the Atlantic coast today broadcasted a warning to vessels to be on the watch for a mysterious craft that may furnish a clew to the fate of the "vanishing ships." The warning was sent out after a telephoned report from Munson line officials at Baltimore that the mysterious craft approached their steamer Munalbro 300 miles east of Philadelphia, refused to answer signals and then, with lights veiled, dashed off into the darkness.

STOCK MARKET OPENING SHOWS BUT LITTLE CHANGE

NEW YORK, July 7.—The stock market opened dull today, showing little damage from yesterday's closing prices. United States Steel was little affected by yesterday's announcement of wage and price reductions, opening ⅛ off at 75 3-8. Mexican Petroleum opened at 99½, off 1¾, but immediately recovered a full point. With the dividend meeting scheduled for today, United States Rubber continued to show a tendency toward recovery, opening with an overnight gain of 1¼ at 53¾. After early uncertainty the whole list again turned strong, with Studebaker the leader at 81½. Mexican Petroleum rallied to above par.

'MODERN EVILS' CONDEMNED AT NATIONAL C. E. MEET

NEW YORK, July 7.—Immodest dress, immoral dances, prize fights and other "modern evils" were condemned at today's session of the Christian Endeavor world convention here. Formalities of opening the convention dispensed with, the endeavorers settled down to discuss reform and uplift. It is estimated that close to 16,000 delegates have arrived. The Pacific coast was represented by more than 1000 delegates. Paul C. Brown, field secretary for the state, led a group of twenty-three endeavorers from Los Angeles; other Californians were H. D. Goldthwaite, San Francisco; John K. Young, San Francisco; Angelina Townsend, Watsonville; A. W. Morely, Merced; Thomas Holden, Pasadena; Howard Brown, Glendale, and two pretty girls, Misses Pauline Jones and Grace MacIntyre of San Diego.

DISARMAMENT MAY HINGE ON JAPANESE-ANGLO PACT

WASHINGTON, July 7.—Disarmament hinges on the Japanese-Anglo alliance, it was stated in authoritative quarters today. A renewal of this pact in anything like its present form will make it impossible for the United States to take the lead in calling for a disarmament agreement among the principal naval powers—Great Britain, the United States and Japan. Already the alliance between Great Britain and Japan may have proved a stumbling block for this government's disarmament plan. The question of the continuance of the alliance may be the direct cause, it is suggested in official quarters, of why President Harding apparently has made no progress in his move for disarmament. Officials here hold that the United States could not initiate steps for disarmament or even participate in any such movement if it is started by another nation because: The Anglo-Japanese alliance is eminently a military pact. It provides that should either Great Britain or Japan become embroiled in war with a third party the other obligating party is bound to come to the aid of the country that goes to war.

FATE OF PEACE IN IRELAND MAY HINGE ON MEETING

LONDON, July 7.—The fate of peace in Ireland apparently hinges on the result of tomorrow's conference in Dublin. Eamon de Valera, president of the "Irish republic," will then resume his conversations with representatives of the Unionists. Jan Smuts, premier of South Africa, is expected to attend the meeting and make known the results of his conference with the members of the British government yesterday following his flying trip to Dublin. Should the proposals he is expected to convey meet with the approval of de Valera and the unionists, it was believed that the proposed London conference, which is the main objective of all the present diplomacy, will be held at once. This will bring together the two Irish factions and the British government, with Smuts probably still occupying the role of a mediator. Possibility of an immediate peace was still doubtful today but there was said to be likely a cessation of raids on both sides without any formal agreement. And once the guerrilla warfare ceases, it was pointed out, either side would hesitate before assuming the responsibility of resuming it. The British government was understood to be planning to reorganize the home rule act and make it more workable. The government, however, is insisting on two main conditions, that Ireland shall remain within the empire and that there shall be no coercion of Ulster.

MARIAN BROWN AND O. CORNELIUSSON ARE MARRIED

Mr. And Mrs. D. Ripley Jackson Home Is Scene Of Most Elaborate Ceremony

The beautiful home of Mr. and Mrs. D. Ripley Jackson at 1809 South Brand boulevard, was changed into a fairy garden Wednesday night by great banks of pink and white roses which lined the rooms and lent their fragrance to the marriage ceremony which united Miss Marian E. Brown, cousin of D. Ripley Jackson, to Oscar John Corneliuason. The bride has lived in Honolulu for some years and came to Glendale last week, accompanied by her aunt, Mrs. E. A. Turner. Mr. Corneliusson is a Los Angeles man, a representative of the state accident commission of California.

The double ring ceremony was used, Rev. H. J. Judd of Honolulu officiating, and was performed under a canopy of flowers erected in the drawing room.

Bridal Party Approaches

At 8 o'clock, following the singing of "A Spray of Roses" by D. Ripley Jackson, the strains of Greig's Norwegian Bridal Procession, played by Mrs. Jackson, announced the approach of the bridal party.

Little Grace Anna Jackson, in a dainty embroidered organdie frock appeared first. She carried a basket of pink and white roses and strewed their petals across the floor. Mrs. Alan Whitney, in pink satin and lace, preceded the bride, who entered with her aunt, Mrs. E. A. Turner. The bridal gown was white satin, with showers of chantilly lace, a tulle veil caught with orange blossoms completed her costume and she carried a shower of white bride's roses. Mrs. Turner wore a gown of white silk crepe and lace. Mrs. D. Ripley Jackson wore peacock blue satin with a black and gold beaded tunic.

Wedding Supper Served

Following the ceremony an elaborate wedding supper was served in the rose bowered breakfast room, and the happy couple departed in a well decorated car for a honeymoon at Forest Home. After a month spent in various resorts Mr. and Mrs. Corneliusson will make their home in Hollywood. About thirty guests were present at the wedding. Most of them were friends of the bride from Honolulu, who are summering in southern California. Lieutenant Shields of San Diego, flew up in his airplane for the event, landing at Mercury field.

'Hot Place In Alaska' Is Topic For Lecture

Lucius Grant Folsom, who served as assistant director of expeditions sent out by the National Geographic society in 1915, 1916, 1917 and 1919, has volunteered to give an illustrated lecture on "The Hot Place in Alaska," on Friday evening, under the auspices of the Epworth League of the First M. E. church on Wilson avenue. The league is fortunate in obtaining such a renowned scientific expert as Mr. Folsom, and the Glendale public should avail themselves of this unusual opportunity.

The subject of the lecture, "The Hot Place in Alaska," is referred to as the active volcano, Mt. Katmai, and the Valley of Ten Thousand Smokes. Mr. Folsom is more than a dry, technical statistician, and gives an extremely interesting and fascinating description of the scenic wonders of the new volcanic region of our northern territory. The talk will be illustrated throughout with more than a hundred colored slides of exceptional beauty and scientific interest, showing the phenomena formed by the greatest eruption of all time in Alaska.

Mt. Katmai is the largest known volcano in the world, its rim being three miles in diameter. The region just below the volcano, which is known as the Valley of Ten Thousand Smokes, is the warmest spot in Alaska, the earth in some parts being so hot that it is impossible to sleep on the ground. Many other interesting facts regarding this "wonder country of the Northland" will be given in Mr. Folsom's lecture.

Mr. Folsom has given this lecture in hundreds of cities throughout the country, and in each case has been the recipient of numerous commendatory statements by his audiences. Tomorrow's lecture starts at 7:30 o'clock and the public is cordially invited to attend.

Donald Franklin, Age 18, Taken By Death

Friends of Mr. and Mrs. Blake Franklin of 398 West Wilson avenue were shocked to learn of the death of their son, Donald, who passed away yesterday morning at 11:30 at the age of 18 years. Donald Franklin had been in ill health for about a year, having had to discontinue his high school studies last September and go on a ranch near Palmdale. It was thought that he was improving, but while visiting his parents he was taken seriously ill Sunday evening.

Funeral services will be held tomorrow afternoon at 2:30 from the Little Church of the Flowers. Interment at Forest Lawn. Jewel City Undertaking company in charge.

Charles B. Guthrie's Five Offices Active

If anyone notices Charles B. Guthrie or O. E. Von Oven wearing a broader smile than usual it is on account of the splendid business enjoyed during the month of June at all five offices. The bulk of the business was on lots, acreage and large homes. A few of the transfers are as follows:

Large corner lot at Boynton and Palmer avenue, from Mrs. Sophia Mackie of Los Angeles to C. H. Dowden, a recent newcomer to southern California and at present living in Pasadena. Mr. Dowden will build a beautiful home on half of the lot and a similar one for rental on the remaining portion. This will be a great addition to the improvement of that section of the city.

Another person who believes in the future of South Glendale is T. C. Hodder of this city, who has purchased a lot on El Bonita between San Fernando and Gardena from E. T. Allen. In all probability he will improve same with a residence.

Emilio Ramelli has within a month purchased the second lot from the Guthrie agency adjoining his home at 619 West Elk avenue. He did this in order to beautify his surroundings, wishing he could purchase more in that part of the city, as he believes in its future development. The former owner resides in San Diego.

Through the confirmation of the court in Los Angeles, there was sold to Mrs. Sarah C. Gillette two one-acre pieces on San Fernando Road with 300 feet frontage. This is a part of the large Brown estate. This property adjoins the corner where a few days ago the owner, Mr. Newby, was offered a price for his holdings that truly set a high water mark record for San Fernando Road property. However, he believes in its great future and refused the tempting offer. These two one-acre pieces are located on San Fernando Road where, for a short distance, it turns and goes west.

Miss Jackman has purchased a beautiful lot on Milford street between Central and Columbus and very soon will improve it with a home.

L. Newton Smith, who is building the new bungalow court on Brand boulevard just north of Doran street, has purchased two lots on Maryland avenue just back of his Brand boulevard property from Babcock and Weeks. He will doubtless extend his court through to that street at some future time.

H. P. Goodwin to Essie L. Booth, lot on North Maryland just off of Broadway.

The Guthrie agency reports that business is starting out splendidly this month in all five offices.

Mrs. Claude Bottsford Attends Annual Picnic

Mrs. Claude S. Bottsford of 411 South Central avenue and her daughter, Villa, attended the annual picnic of the Wednesday Progressive club of Gardena, which was held at Monte Vista park, July 6. The club furnished a room at the Monte Vista lodge for children some time ago and the picnic party, which consisted of about seventy members and their friends, took great pleasure in visiting the lodge.

R. S. Todd In Party Of Regular Fishermen

R. S. Todd of 416 North Maryland avenue, and others, spent a successful day at Manhattan Beach, Wednesday, enticing the finny tribe to give up their home in the briny deep. Their catch aggregated more than fifteen fat mackerel. The Evening News was not forgotten in Mr. Todd's distribution.

THIS "EARTH" LARGELY WATER

A trifle more than seven-tenths of the surface of the globe is covered by the waters of the oceans. The total area covered by the latter exceeds the total area of the lands of the world by 83,000,000 square miles. Reckoned in terms of quantity, the oceans contain 324 cubic miles of fluid, or 14 times the bulk of all the lands in the world above sea level.

SMELLING SALTS

Smelling salts can be made by placing a few lumps of ammonium carbonate in a bottle and covering them with oil of lavender. The cost, according to Experimental Science, is very slight, and the product is as good as some of the product now on sale.

LOCAL MEN RECEIVE PRAISE FOR PART IN AUTO RACE

Eddie Winfield, Sam Durand Make Great Showing In Contest At Hanford

Eddie Winfield and Sam Durand, the two local automobile racers who piloted their stripped Ford car to second place in the big Independence Day free-for-all classic at Hanford last Monday, have returned to Glendale and are busy receiving congratulations from hundreds of friends and admirers.

The feat which they accomplished seems even more remarkable when it is learned that the Glendale entry was the first Ford to finish in the money in several years. Also, of the twelve machines which were entered in Monday's race Eddie's "fliv" was the only equipped with a regular Ford head and stock Ford gears. The other two Fords, which were especially modeled with sixteen valves, high-speed gears and other space-annihilating accessories, failed to finish the race.

"Henry" Is Kidded

Prior to the big event practically the entire crowd of 6000 spectators joined in "kidding" and "roasting" the dilapidated-looking "Henry" and its occupants. Several Fresno newspapers referred to it as the "poverty-looking flivver," predicting that it could not traverse the entire fifty miles.

The field was full of competition for the "p. l. f," being composed of Earl Cooper's old Stutz, which won the race; Barney Oldfield's famous DeLage, two other Stutzs, two Hudsons, a Hupmobile, a Chevrolet and three other Fords.

Professionals Take Part

A number of professional drivers took part in the affair, which was in charge of the American Automobile association.

The reason for the local car's almost unbelievable feat is attributed mainly to the new Winfield carburetor, which is an invention of the local "speed demon." His machine used only two gallons of gasoline, as compared with five gallons for the next most economical car.

The first and second place winners were the only ones in the field who ran a non-stop race.

Aliens May Register At Glendale City Hall

Arrangements have been made by D. B. Lyons, registrar of voters, whereby aliens may register at the Glendale city hall and the Tujunga postoffice. Under a new act of the legislature all aliens are now compelled to register. A severe penalty is provided for those who fail to comply with the new law.

THE WAY OF WOMEN

When the once-wealthy Mrs. Blank parted from her husband and decided to work for her living, she became a housemaid. Her first employer was a woman who, in other days, had been one of her own servants. It seemed a queer thing to do, but "the wretch always worried me by giving me notice," said the lady in reduced circumstances viciously. "She must have done it a dozen times. So I took the position—to give her notice, the wretch! And I did it, too, after the first week."

WHEN BOSTON WAS SECOND

A dispatch from Boston tries to prove that dress reform started there in 1634, but Boston cannot establish much of a reputation for ancient respectability on that score. Dress reform started in the Garden of Eden.

Richardson with violin obligato by Lucile Allen; group of songs by Mrs. McReynolds; piano solo by Winifred Parker; solo by Mrs. John Rae; duet by Mrs. George Roach and Mrs. C. A. Parker; group of songs by Mrs. C. L. Viereck; trio by Mrs. Meadows, Mrs. C. A. Parker and Miss Winifred Parker. Mrs. John A. Wright furnished piano accompaniment for the above numbers. By request Mrs. Parker gave a group of songs and Mrs. Wright a number of piano selections. The entire program was a most enjoyable one.

After the recital dainty refreshments were served, which was followed by a pleasant social time.

Loyal Illinoisans Will Hold Picnic July 23

It will be "Suckers' Day" at Long Beach on July 23. Under the auspices of the loyal Illinoisans of southern California, a picnic reunion will be held at Bixby park on that day. All Illinoisans are invited to come and meet old friends and hold a general jollification. A popular program, including a picnic lunch, short addresses and community songs has been provided. Those attending are requested to bring cups and spoons along.

The University of Illinois will hold a reunion at 3 o'clock in the afternoon. Many are planning to spend the week-end at Long Beach.

BURBANK TEAM AND LINCOLN HEIGHTS WILL CONTEST

Fast Game Of Baseball To Be Provided Fans At Local Grounds

What promises to be a fast game of baseball will be the contest staged on the Elks' diamond on San Fernando Road at Park avenue when the Burbank Athletic club will meet the Lincoln Heights baseball team Sunday afternoon at 2:30 o'clock.

Manager C. J. Peurrung of Burbank, formerly of Glendale, states that the team from Burbank will bring a crowd of enthusiastic rooters, and a real live time is expected.

At the present time the Burbank Athletic club's team stands third in the San Fernando Valley league. The team standings are as follows:

	Won	Lost
Lankershim	6	0
San Fernando	6	1
Burbank	4	3
Lincoln Heights	3	3
Owensmouth	3	4
Van Nuys	2	4
Lancaster	2	4
New Methods	0	7

Manager Peurrung predicts that a large crowd of local and Burbank fans will be present to witness Sunday's contest.

Local Elks' Team To Have Rest This Week

Owing to the fact that the Santa Monica team in the southern California Elks' baseball association has recently been withdrawn from the league, Manager Salmacia of the local Elks' team has announced that his squad will draw a "bye" in the schedule this week. The team was originally scheduled to play the bay district nine on the local grounds, but with that team dropping out of the race the boys will be forced to extend their lay-off to two weeks. All of last week's games were postponed on account of the Fourth.

Upon resuming play on Sunday, July 17, Salmacia will send his men against the Alhambra aggregation, which is regarded as one of the fastest combinations in the association.

T. M. Smith, present citizen of Buffalo, New York, and formerly prominent Glendale resident, spent Wednesday in this city visiting old friends and neighbors. Mr. Smith, although he hasn't lived here for seven years, is one of Glendale's staunchest boosters and admirers. 'DEAR KATIE' HEARS TALE OF GOPHER; IT'S SAD ONE

Little Pests Are Worse Than Home Brew But There Is Way To Kill 'Em

GLENDALE, July 7, 1'21.

Dear Katie: Seein as how France and New Jersey is on speakin terms again after having signed the armistice on July 2nd, maybe you'll be surprised when I tell you as how there is a war bein waged in California which the same is a lot more important as a mere million dollar fight. It is the war between the gardner and the gopher, with the odds standin today at a hundred to one on the gopher.

This week, right here in our own "Garden of Supreme Loveliness," the gophers is holdin a convention which the same for crowds would make the Elks' fusstival look like they'd all sent their regrets. And each and every gopher has got more holes than there is in a peek-a-boo waist.

Now, Katie, a gopher ain't a specie of earthquake and it aint a potato bug.

In the first place any gardner in California will tell you as how a gopher is a blankety-blank (censored) which the same is a good name for it.

On the paper it says as how the gophers of California did 45 million dollars damage in 1920. Outside of that the innocent little things is as harmless as a flood in springtime.

Every Day Is Rent Day

Gophers can dig holes faster than two men and a boy can fill em up, and they move from place to place oftener and faster than the natives of Los Angeles on rent day.

And, Katie, rabbits might know how to multiply, but the way gophers can subtract the garden green and divide it among themselves would make a expert in rithmetic look like a kid in the kindergarten.

Gophers is pronounced go-fer, which the same means as how they go-fer everything from the cream of the wheat to a bride's first batch of biscuits.

They got a appetite like only a vegetarian elephant can love and they eat enough to feed a hundred starvin Chinamen for a week.

And, Katie, they're harder to kill than a false rumor. I've used enough water to try to drown 'em out to float a battleship, but they seem to thrive on it.

Got Any Gopher Cure

I've put box traps into gopher holes which they used like sun parlors. And for steel traps—well, no metal can touch 'em. I sprinkled poison bait and killed three of the neighbors' chickens. I've tried everything from Paris green to bad language and the only dead gopher I've seen was one which the cat dragged in and he must of died from old age. Well, Katie, I've heard of as many ways to kill gophers as there is cures for rheumatism, but I've decided as how there is only one sure, way which the same is to lay the gopher on a block and hit 'em behind the ears with a hickory club.

Yours till I find a hickory club.
E. C. HALE.

VACATIONAL BIBLE SCHOOL IS OPEN FOR TWO WEEKS' SESSION, AUSPICES MINISTERIAL UNION

Carl C. Seitter Is Superintendent of City-Wide Movement; Part of Daily Meetings Given Over to Health, Habits, Sane Games and Music

With the idea of giving the children of Glendale an opportunity for Bible study, and also offering them something new in the way of diversion and constructive value during a part of their summer vacation, the Glendale Daily Vacational Bible school opened in this city, Tuesday, for a two weeks' session. The meeting is sponsored by the Ministerial Union of Glendale, and is being superintended by Carl C. Seitter, director of religious education at the First Methodist church.

Although the plan was successfully tried on a smaller scale in Pasadena last year, this is the first time that it has ever been used in a city-wide movement. The school is interdenominational in character, the following churches taking an active part: Tropico Presbyterian, Central Avenue Methodist Episcopal, West Glendale Methodist Episcopal, First Congregational, Casa Verdugo Methodist Episcopal, First Baptist, First Methodist Episcopal, First Presbyterian and the First Chrisitan.

The enrollment to date is 300, and includes boys and girls whose ages are from four to twelve years inclusive. There is no charge, the greater portion of the expense being borne by the various churches interested. However, those so desiring may make free offerings.

While the school is being conducted by the churches and a portion of each meeting is devoted to Bible study, yet a great part of the daily meetings is devoted to other subjects than religious. Clay modeling, basketry, drawing, paper cutting and music are all taught. Also talks are given on health and habits, sane and safe games and supervised recreation.

Two expert instructors in educational work have been secured for this meeting by those who have been working to make it a complete success. Miss Alice Lookabaugh is directing the craftwork and Miss Nelle Leggitt has charge of the music. The other instructors are all volunteer workers from the various churches who have specialized in Bible study and child welfare work.

Glendale People Assist

The following Glendale people are assisting in this work: Casa Verdugo Methodist Episcopal, Mrs. Edwin Murphy, Miss Dorothy Peart; First Baptist, Miss Faith Tarling, Miss Alice Mercer, Miss Laura Wilford Brown, Miss Helen Robinson; First Methodist Episcopal: Miss Marion Whiteman, Mrs. Payne, Mrs. Baker; First Presbyterian: Miss Jennie Housh, Miss Stadt, Miss Mabel Gayley, Miss Bessie Shields; Tropico Presbyterian: Mrs. S. H. Wilcox, Mrs. George Adams, Miss Wallace; Central Avenue Methodist Episcopal: Mrs. Townsend, Mrs. Hewitt; West Glendale Methodist Episcopal: Miss Louise Fambough, Miss Anne Cookman; First Congregational: Miss Edith Learned, Miss Garnet Peters, Miss Howard.

Division of School Hours

The school hours are from 9 to 12 each day and are devoted to the following subjects:

Beginners, Aged 4 to 5

First Period: 9-9:45, assembly; opening prayer and songs; circle talk introducing theme of the day; closing march or drill; recess, 10 minutes.

Second period: 9:45-10:15, Bible stories, dramatization and music; emphasis on expressional work.

Third period: 10:15-10:45, recreational; health talks, games, free-play, sand, etc.

Fourth period: 10:45-10:55, indoor recess; allow children to move about freely; emphasis on socialized child.

Fifth period: 10:55-12, handicraft and closing; constructive play.

Primary, Ages 6 to 8

First period: 9-9:45, assembly; opening song and prayer; daily theme and drill in memory verse; march or rest exercise.

Second period: 9:45-10:15; activity; handcraft following daily theme.

Third period: 10:15-10:45, Bible stories and dramatization.

Fourth period: 10:45-11:15, recreation; rest exercises and simple games.

Fifth period: 11:15-11:40, habit, health and missionary talks; alternating; wide use of demonstrations.

Sixth period: 11:40-12, closing exercises.

Junior, Ages 9 to 12

First period: 9-9:30, assembly; worship and prayer; songs; hymns and their stories; drill in memorization of hymns.

Second period: 9:30-10:10, Bible stories and dramatization.

Third period: 10:10-10:30, expressional work; memory and Bible drills.

Fourth period: 10:30-10:40, rest period.

Fifth period: 10:40-11, missionary and habit talks; alternating.

Sixth period: 11-12, handicraft.

Now Given Supervision

"We believe that the Vacational Bible school fills a long felt want in the community," declared Carl C. Seitter, who has recently come to Glendale to fill the position of director of religious education at the First Methodist church. "It has always been a difficult problem to find an occupation of the right sort for children of the ages of four to twelve during the long summer vacation. The result has heretofore been that the children have spent the entire day in the streets without supervision of any sort.

"We believe that we are offering the children of Glendale an opportunity of receiving something of constructive value during a portion of their vacation, in addition to providing amusement of the right sort. A portion of the morning is devoted to Bible study and other religious work. However, this is not all by any means. Expert instructors have been secured to teach handicraft work and music. Games and other recreational devices have been provided for. The school closes promptly at noon, thus leaving the children the entire afternoon for their own amusements, which they enjoy a great deal more by reason of the fact that their minds are occupied with other matters.

"While this plan has been started on a smaller scale in other cities it is receiving its first real tryout here. Should it prove as successful as we believe it will, plans will be made by the evangelistic churches to have these meetings held throughout the country next year."

Thrilling Drama Is At Glendale Theatre

A play for young old men, for old young men, and for girls of all ages is "When We Were Twenty-One," the Jesse D. Hampton-Pathe photoplay in which H. B. Warner is starred at the Glendale Theatre.

Whether one has passed the magic age of 21, when youth imagines it is proving its manhood by deeds of folly, or has that period before them, "When We Were Twenty-One" will entertain. It is a story of wide appeal because of its fidelity to life and human frailities, its unselfishness and sacrifice.

"When We Were Twenty-One" was one of Nat Goodwin's greatest stage successes, first played by him nineteen years ago, with a cast including Maxine Elliott, Constance Collier and Arnold Daly. The cast chosen by director Henry King to interpret the story on the screen is even as impressive. Claire Anderson is in Maxine Elliott's role, Christine Mayo in Constance Collier's, and James Morrison in Arnold Daly's.

Mrs. R. A. Blackburn's Father Taken By Death

Friends of Mrs. R. A. Blackburn, formerly of Glendale, will be grieved to learn of the death of her father, Loomis A. Royce, who passed away at her home in Los Angeles July 4 at 10:30 at the age of 86 years. Mr. Royce was also at one time a resident of Glendale. He later resided in Imperial Valley and from there went to the home of his daughter in Los Angeles. Besides Mrs. Blackburn, Mr. Royce leaves several other daughters and some grandchildren.

Funeral services were held this morning at Pulliam & Kiefer undertaking parlors, with interment at Forest Lawn. Mrs. Blackburn, it will be remembered, was active in the work of the Glendale Welfare council and bureau.

'Social Affairs' Cause Wife To Ask Divorce

LOS ANGELES, July 7.—Carlyle Thorpe, wealthy executive of the California Walnut Growers' association, is defendant here today in a divorce action brought by his wife.

She alleges "mental cruelty," with several highly informal jollifications alleged to have been staged by her husband as the basis of the charge.

The most recent of these social affairs, according to Mrs. Thorpe's complaint, resulted in the hiring of an expensive orchestra at a large local hotel. At the conclusion of this party, it is alleged, Mr. Thorpe and some seventy-five of his friends came, or were delivered, to Mrs. Thorpe's home on South Morton avenue.

It is said that the ensemble arrived afoot, in taxicabs, wagons and various other means of conveyance. A certain mellowness in the party lent itself to vocal informality in the early morning hours, which, according to Mrs. Thorpe, caused her much embarrassment throughout the neighborhood.

Pirates And Indians Appear Like Winners

NEW YORK, July 7.—Figuring the "Fourth" as the halfway mark, it begins to look like both the major league pennants are "in."

The Pittsburg Pirates and the Cleveland Indians, close to the middle of the season, seem to be almost sure winners in the two races.

Both clubs are going along, playing steady, easy baseball, taking the breaks well and getting the best out of their talent.

George Gibson has been getting good pitching all season and his club is playing a great defensive game as well as packing a good punch in the pinches.

The world's champion Indians have been leading the league just because they possess the stuff of which champions are made.

The two New York clubs look like the runners-up.

The Giants, afflicted by their ancient malady, infield trouble, are just moving along in second place. John McGraw's great pitching staff turned into an "in and outer" and the club generally has been a disappointment.

The Yankees, possessing the greatest wealth of material in the major leagues, cannot make a million dollars' worth of stars do ordinary work. Miller Huggins has a great ball team except for his outfield, his catching department and three or four pitchers.

He has the great Babe Ruth and a lot of prima donnas. Babe wins a game now and then with a homer but he loses just as many with his terrible work in the field. Wally Schang, who ordinarily ought to be a first-class catcher, has been no better than the relegated Truck Hannah.

The Boston Braves are proving the surprise of the National circuit and the Cardinals, after getting away to a bad start, are rounding into some of the form that was indicated for them before the start of the season.

Washington goes right along in the American League winning games and the Tigers are being kept in the first division by Ty Cobb, who is helping Tris Speaker show that a player can do things beside play.

The Browns, with all their playing talent, can't get along without pitchers.

Discover New Drink; Little Bit Has Kick

WASHINGTON, July 7.—Havana is going to free us from the Volstead Act, according to a dispatch to the department of commerce today.

A new drink, neither beer or whiskey, nor any dopey junk, but a drop of which will make you frisky and a spoonful make you drunk, has been discovered by the new sugar college of Cuba, the dispatch declared.

Scientists of the college, which is government endowed, declare that the drink contains not a drop of alcohol or any substance which would bar its entrance into the United States under the Volstead Act.

'Sentimental Tommy' Palace Grand Feature

A picture for young and old alike—that is the description that may be applied to Paramount's screen version of Sir James M. Barrie's "Sentimental Tommy," which will be the feature at the Palace Grand Theatre for two days beginning today. It is doubtful that many grownups exist who haven't a fond memory of Tommy's imagination and practically all of the youngsters today have read about him at one time or another.

The story begins with Tommy's entrance with his sister, Elspeth, to the Scotch village of Thrums and his rescue of Grizel from a crowd of youngsters who are throwing stones at her. It gives many episodes showing Tommy's flights of imagination which are humorous and wholesome. The story takes Tommy and Grizel to maturity when Grizel becomes demented after she finds her childhood sweetheart with another woman in his arms. The closing scenes are dramatic and full of heart interest.

The role of Tommy is played by Gareth Hughes, a popular young leading man. May McAvoy is Grizel.

Aerial Romance Goes Bump Into Discords

LOS ANGELES, July 7.—The "aerial romance" of C. E. Gorman and Dorothy Brewster, pretty Seattle girl, went into another sensational loop-the-loop here today.

Ten days ago Dorothy and the dashing Gorham were married. Plans were laid for a honeymoon by airplane. Newspaper photographers, reporters and movie men held conclave in front of the hotel. Everybody was happy.

The honeymoon was postponed, however, when the hotel management refused to part with the happy couple until Gorham paid his bill. He paid it, with a check that caused grief.

Then, on Monday, Frederick T. Kidd, local automobile dealer, filed suit for divorce. He filed it against Dorothy. "She is my wife," he asserted.

Then Gorham succeeded in having the hotel charges against him settled, and the case was dismissed in police court.

And now Gorham has filed suit for annulment of his marriage to Dorothy. "She is a deceiver," he said.

Now there is nothing left of the aerial romance but air. Cupid's "Cloudster" is back in the hangar with engine trouble.

Body Of S. Hackett Is Sent To Arizona

F. H. LOWE CHOSEN POLICE JUDGE BY CITY COUNCIL

Councilmen Decide Action Is Necessary As Precaution In Legal Matters

(Continued from Page 1.)

raising a technicality over the office of the city recorder. If his acts are not legal, then the official acts of the other city employes are not legal.

Not Establishing Precedent

"I am confident Judge Lowe can continue as city recorder and his official acts sustained until such a time as we declare the office vacant and his successor appointed. As I have said, my understanding of the charter is that the present city officials hold office until we make the new appointments. However, as a precautionary measure and with the distinct understanding that we are not establishing a precedent, I am willing to make the motion that Judge Lowe be named police judge."

The motion prevailed on being seconded by Councilman Kimlin and Judge Lowe expressed his appreciation of the appointment.

"Many people believe the office of police judge has a power for good in the community and I assure you I shall strive to administer the office for law and order—the spiritual administration I shall leave to others better qualified," concluded Judge Lowe.

Immediately after the appointment of the police judge, the council went into the meeting of the committee of the whole. The council will meet in regular session tonight.

Regarding Police Judge

The provisions of the city charter relative to the office of the police court and judge follow:

"SECTION 1. POLICE COURT: The judicial power of the city shall be vested in a police court, which court is hereby established. The police judge shall hold said police court and said court shall have jurisdiction concurrently with the justice's courts, of all actions and proceedings, civil and criminal, arising within the corporate limits of the city, and which might be tried in such justice's court. Said police court shall have exclusive jurisdiction of all actions for the recovery of any fine, penalty or forfeiture prescribed for the breach of any ordinance of the city; of all actions founded upon any obligation or liability created by any ordinance; and of all prosecutions for any violation of any ordinance. The rules of practice and mode of proceeding in said police court shall be the same as are or may be prescribed by law for justice's courts in like cases. Appeals may be taken to the superior court of the county in which the city of Glendale is located, from all judgments of said police court, in like manner and with like effect as in cases of appeals from justice's courts.

"SECTION 2. The police judge shall have the powers and perform the duties of a magistrate. He may administer and certify oaths and affirmations.

"SECTION 3. In all cases in which the police judge is a party, or in which he is interested or when he is related to either party by consanguinity or affinity within the third degree, or is otherwise disqualified, or in case of sickness or inability to act, the police judge may call upon any justice of the peace, residing in the county to act in his stead.

"SECTION 4. The City Council may appoint the justice of the peace of the township in which the city of Glendale is located, as police judge. The police judge shall have been a qualified elector of the city of Glendale for at least two years next before the time of his appointment.

"SECTION 5. All actions and proceedings pending and undetermined in the recorder's court of the city of Glendale at the time this charter takes effect, shall be proceeded with, heard and tried and determined in the police court hereby provided for, in the same manner as if such actions or proceedings had been originally commenced in said police court."

Famous Screen Star Scores Women's Dress

"Cob-web silk hosiery and short dresses, high-heeled shoes and low-necked waists should not be worn on the streets. The afternoon shopping district parade is a disgrace."

In this manner "America's sweetheart," Mary Pickford recently scored dame fashion and her latest decrees.

"Present day styles destroy illusions and kill romance," said "Little Mary."

"The average girl of today has not the shapely ankle or foot that is becoming with short skirts. In fact, it seems they have weak ankles. The styles of 1850 and 1860 were much more dainty, attractive and even practical than those of today. And I make no exception to the old hoop skirt, either."

Mary will appear at the Glendale Theatre Sunday and Monday in "Through the Back Door," her latest release, in which she again portrays a youthful part.

NEW BUDGET BEING COMPLETED FOR CITY COUNCIL

System Of Controlling All Municipal Expenditures To Be In Effect

City Manager T. W. Watson gives evidence of being a busy man these days.

Under the new charter a tentative budget must be drawn up, the same approved by the council, and a controller appointed, before any expenditures can be made. Now the fiscal year ends June 30, and heretofore a budget, which previously has been used merely as a guide, has been submitted to the trustees for approval by the first of July. But owing to the election and change in the method of government, this matter has been postponed, until someone discovered the fact that unless the new budget was completed, and completed quickly, some of the city employes would not draw any salary at the next pay day.

That the new system of controlling the municipal expenditures is one of the most important provisions of the new charter is the opinion of Mr. Watson. In previous years the budget has acted merely as a guide, and all vouchers had to be approved by the trustees before any expenditures were made.

Pre-Audit System

With the adoption of the executive budget and the appointment of a controller the new fiscal system will be complete. When the estimated cost of operation has been approved by the council it automatically acts as an appropriation of that amount for the coming year, and vouchers for expenditures may be drawn when needed without any further action upon the part of the council.

In this manner a perfect pre-audit system is in effect and the heads of the various departments are enabled to tell from day to day whether or not they are exceeding their appropriations. In order that the system may not be too rigid, the charter provides that estimates and appropriations may be revised from time to time as needed.

The steady growth of Glendale for the past three years may be observed in the budget figures for that time. In 1920 the expenditures amounted to $85,000 in round figures; in 1921, $135,000; and the new budget gives the estimated expenditures for the coming year as $162,000.

New Paint Store To Open About July 15

Unprecedented building activity in Glendale and the city's promise of stability and progress has attracted "Doc" Saunders, formerly of Douglas, Arizona. Mr. Saunders has leased the store, formerly occupied by the Valley Supply company, on North Brand boulevard and about July 15 will open a modern paint, wall paper and general contracting business. The store is being entirely renovated and will favorably compare with similar stores in any locality when completed.

Mr. Saunders has been engaged in the paint and contracting business for eighteen years in Arizona and is capable of executing the most exacting contracts. He will carry the finest line of paints, oils, varnishes, oils, wall paper, wall board, paint brushes, etc.

Mother Watches Son Lower Another's Mark

LOS ANGELES, July 7.—Samuel H. Thomson of Los Angeles Athletic club today holds the national all-around track and field record, having shattered his brother's record of eight years' standing in the closing day of the A. A. U. meet at Pasadena.

Fred Thomson, wearing Princeton colors, established a record of 7499 points in 1913. Yearly attempts to equal the mark or better it by athletes all over the United States have failed.

Mrs. Thomson, who in 1913, saw her oldest son set the world's record in all-around athletics, was in a box at Pasadena yesterday and very proudly watched her second son shatter that record and establish a new one.

Making Doughnuts To Be One Of Features

The ancient libel about the hole in the doughnut is to be emphatically controverted in Glendale with the establishment of a Bake Rite, automatic machine by Charles Knecht at 121 West Broadway. The machine will manufacture 100 dozen doughnuts an hour.

Saturday will see the opening of the new store and factory which will not only "manufacture" doughnuts for the consuming trade, but will also cater to the public in the sale of home-made pies, light lunches, etc: Mr. Knecht's energy, experience and his wisdom in the selection of a location should all contribute to his success.

The Above Is a Picture of Our Bottle Cleaning Machine

The machine weighs about 12 tons, the cost of which will equal that of a handsome home. This machine is capable of washing 105 bottles per minute, each bottle gets a soaking for 10 minutes in caustic soda solution heated to a temperature of 150 degrees—then on to another compartment at 120 degrees, it then passes through a third compartment of clean water heated to 110 degrees, after which it passes under large brushes which scrub the outside, then three hydraulic sprays of fresh water are given after which two brushes enter each bottle, each brush making 500 revolutions inside of the bottle, and finally it gets two hydraulic sprays of sterilized water. The bottles then pass over powerful electric lights for inspection.

We want you to visit our plant and see for yourself how thoroughly the bottles which are filled with **"Sierra Club Beverages"** are cleaned, and when you see the process you will always demand **"Sierra Club" Beverages** when you want a drink.

Asserts Motherhood Is Great Aid To Beauty

PARIS, July 7.—"American women must have more babies if they hope to retain their beauty," Dr. Brettman, one of the foremost beauty surgeons of Paris, told the United Press today.

Contrary to what seems to be the general impression in America, Brettman said motherhood is really not only an aid to beauty but is necessary if a woman wishes to realize the acme of beauty.

"Venus was not a virgin," he said. "She must have had at least one and perhaps two children. Otherwise she could not have been as beautiful as she was."

Brettman declared American women also make a great mistake in rearing their babies on bottles.

"The glands which function during maternity are connected with those in the neck which govern the complexion," he explained. "Restrict the functioning of one and you check the functioning of the entire system."

Brettman said the practice of evading the obligations of motherhood showed its effects and that it was becoming more difficult in America to find women of middle age who are beautiful.

Here's Another View

NEW YORK, July 7.—American women should have fewer babies and their complexions and general health would take care of themselves, Mrs. Anne Kennedy, associate editor of the Birth Control Review, declared in an interview today.

Mrs. Kennedy made this statement in refutation of a theory advanced by Dr. Brettman of Paris, cabled to the United States.

"If what Dr. Brettman maintained were true the American woman living in the congested districts of cities and in the poor farming communities would be the greatest beauties in the world," she said. "These women, with families of six to eleven children, always are prematurely aged. As a rule they have neither beauty of face nor figure. And their children are generally inferior, physically and mentally."

Reserve Head Favors Advertising By Banks

ATLANTA, Ga.—Approval of advertising by banks was voiced before the financial advertising association of the Associated advertising clubs of the world by M. B. Wellborn, governor of the Atlanta federal reserve bank.

"I have noticed that advertising increases deposits, and when deposits are increased our reserves are automatically increased," he said.
